Please reach out to our office with any other concerns or questions you may have. You may view our vaccination policies below or on our website.

Vaccination Policies:

Only patients who are fully vaccinated per the CDC recommended schedule will be accepted at CareFirst Pediatrics.

For those patients who are currently delayed, they may discuss a catch-up schedule with Dr. Singh directly.

New patients without an updated registry in the Texas Immunization Registry (IMMTRAC2) are required to provide immunization records prior to scheduling their first check-up.
